

ChinaBio[®] Investor Forum 2010 - Guangzhou

Tuesday, December 21, 2010

Time	Title/Description	Speakers
08:00 - 09:00	Registration and Refreshments	
09:00 - 09:30	Welcome Remarks	Greg Scott - President & Founder, ChinaBio [®] LLC
09:30 - 10:30	Panel 1: VC Funding: Where It Is and How to Get It 2010 has been a breakout year for investment in life sciences in China. Yet many companies are struggling to secure the funds necessary to fulfill their dreams. There is plenty of capital available in China, but how does a new or growing company tap into this critical resource? This panel of VCs and finance executives looks at what a company must do to get the money into their bank account.	Moderator: Jie Zhou, PhD, JD - Partner, Morrison & Foerster LLP
		Panelists: Yi Lin, PhD, MBA - Executive Director, Mingly China Growth Fund
		Marc A. Schueler, MD, PhD, MBA - Director Venturing, DSM
		Yanning Yi, MBA - Executive Director, The Balloch Group
10:30 - 11:00	Networking Break and Refreshments	
11:00 - 12:00	Panel 2: Partnering Opportunities - The Other Source of Funding Another source of funding available to China life science companies is corporate partnerships. These can take the form of co-development, licensing, equity investment, or sometimes just "free money." This panel of pharma executives explores how companies can tap into this alternate, and sometimes highly effective source of Capital.	Moderator: Greg Scott - President & Founder, ChinaBio [®] LLC
		Panelists: Jennifer Hu, PhD - Director of Licensing & External Research, Merck & Co., Inc., USA
		Jinzi J. Wu, PhD - Vice President of HIV Drug Discovery Performance Unit, Head of Infectious Disease Discovery DMPK, GlaxoSmithKline
		Stella Xu, PhD - Executive Director, Roche Partnering Tony Zhang, PhD - Vice President, Global External R&D, Asia, Eli Lilly and Company
